- (c) The accountant's statement or other exhibit required by Rule 12b-25(c) has been attached if applicable.

Part III - Narrative

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q,10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

As previously reported in a Current Report on Form 8-K and Form 12b-25, each filed with the Securities and Exchange Commission (the "SEC") on January 15, 2010 and a Form 12b-25 filed with the SEC on March 12, 2010, Volt Information Sciences, Inc. (the "Company") is delayed in filing its Annual Report on Form 10-K for the year ended November 1, 2009 and Quarterly Report on Form 10-Q for the quarter ended January 31, 2010 because it will restate its financial statements as at and for its fiscal years ended October 28, 2007 and November 2, 2008 that were included in the Company's Annual Reports on Form 10-K for those years. The Company will also restate the condensed consolidated financial statements for quarterly periods through May 3, 2009 contained in the Company's previously filed Quarterly Reports on Form 10-Q, including for the quarter ended February 1, 2009. The Company has not determined whether any restatements of periods prior to fiscal 2007 will be required.

In order to be in a position to prepare financial statements for quarters subsequent to November 1, 2009, including the quarter ended May 2, 2010, and restate its financial statements for the comparable prior year quarters, the Company must first prepare and finalize balance sheets as at November 1, 2009 and November 2, 2008, the end of its last two fiscal years, which entails completing the restatement of the financial statements discussed above.

As a result, the Company's Quarterly Report on Form 10-Q for the quarter ended May 2, 2010 could not, without unreasonable effort and expense, be filed before its June 11, 2010 due date, nor can it be filed by June 16, 2010, the extended due date of such report. The restatement process has taken longer to complete than the Company had originally anticipated. As part of its restatement process, the Company is reviewing its financial statements to determine whether any additional adjustments are necessary beyond those already identified in the Company's Computer Systems segment and previously reported. The Company and its advisors are working expeditiously to complete the restatement process and make the related filings, but the Company, at this time, is unable to determine when it will file the reports referred to above or in Item (2) of Part IV below, including its Quarterly Report on Form 10-Q for the quarter ended May 2, 2010.

Part IV - Other Information

2. Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed?

Yes No

If answer is no, identify report(s).

The Company has not filed its Quarterly Reports on Form 10-Q for the quarters ended August 2, 2009 and January 31, 2010 nor Annual Report on Form 10-K for the year ended November 1, 2009, and, as noted above, will restate various other reports.

3. Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company anticipates reporting a significant change in its results of operations for each of the three and six months ended May 2, 2010 compared to the comparable year's periods ended May 3, 2009. Reported results for the three months ended May 3, 2009 included impairment and restructuring charges of \$3.4 million, net of taxes, or \$0.17 per share. Reported results for the six months ended May 3, 2009 included impairment and restructuring charges of \$11.0 million, net of taxes, or \$0.52 per share. The impairment charges in each

reported period may be revised as a result of the pending restatements. This item will significantly affect the comparability of the results of operations for the six months ended May 2, 2010 to the results of operations for the six months ended May 3, 2009.

It is not possible to make a reasonable estimate of the Company's consolidated results of operations for either the three or six months ended May 2, 2010 or the three or six months ended May 3, 2009 until the Company determines how each period will be impacted by the restatements described above and the amount of such impact.
